CLASSIC SORTEX
*Inspired by nature*

Beyond Better Foods...

Aura Series
Multi Colour Sortex

Features

| Intelligent image processing technology using high resolution HD colour cameras	Precise image scanning with 16200 pixels lens	Highly integrated real time automated (IoT) technology	Special design for sorting colour and shape to ensure accuracy	Self-diagnosis and self-tuning technology for easy serviceability
Effortless customisation of acceptance and rejection	Easy interface with large touch screen	Electro- magnetic ejector for accurate flow of air	Uniform flow feeder for uninterrupted inputs	High brightness LED & amp; Low temperature rise longer service life

Aura Series
Multi Colour Sortex

Beyond Better Foods...

Technical Specification

Model	No. of Channels	Throughout(t/h)	Voltage(V)	Power(kW)	Weight(kg)	Dimension (L*W*H/mm)	Sorting Accuracy(%)	Rejection Rate	Air Consumption (CFM)
Aura 32	32	200 kg to 300 kg	110-250V (50-60Hz)	0.8 kw	148 kg	1308*476*1426	>=99	>=8:1	20
Aura 63	63	500 kg to 700 kg	110-250V (50-60Hz)	1 kW	268 kg	1590*720*1430	>=99	>=8:1	35
Aura 126	126	1 ton to 1.2 ton	110-250V (50-60Hz)	1.4 kW	350 kg	1940*720*1430	>=99	>=8:1	50

Note: Capacity may vary based on materials and impurities, Specification may change without prior notice due to R&D
